

EXECUTIVE BUTLERS

Dear All,

'Tis year 2016 is upon us!

On behalf of the EB Family we would like to wish you and your loved ones a fruitful year ahead and many happy moments. Here at EB, we had a few additional celebrations starting with the EB's 5th anniversary in business last December. And, against all odds The Butler has stuck around to celebrate his Seventh(!) Aliyahversary.

Furthermore, with new projects in the works and many exciting additions to the Concept, we welcome your feedback and suggestions on every newsletter, as your opinion is paramount to us.

We are also happy to introduce **new additions** to the EB Family:

New System

In this month's newsletter, we firstly, would like to bring you the news of an improved System, which The Butler, in association with Grigory and Lev have designed, to make accessibility much easier for our clients, as well as our Butlers. Currently in the testing stage, the system should be running in the next six to eight months. The system comes with the introduction of notifications of Services, appointments, meetings, personal information and profiles, packages and much more, to name, but a few.

Implementation of the new system is a result of the expansion of the EB Concept, which we believe reflects on the dedication to the Service EB provides.

Newborn

Starting with Neville junior! In December, Neville and Tessi became parents to a little man, Liam - we congratulate and wish them many happy years ahead.
